Zebra Zip Ship Media

Genuine Zebra Supplies make a superior impression. Our media is specially engineered to optimize the performance of Zebra printers, which means less wear and tear on your printheads and reduced cost of maintenance. No single label or tag is right for every application. Whether you need labels for chemical drums or circuit boards, tickets for a shuttle bus, or labels that withstand chemicals and solvents, Zebra has the right media solution.

Zebra's Zip Ship stocking program includes popular sizes of the most frequently ordered media for Zebra thermal printers. This price list offers media for Zebra tabletop, desktop and mobile printers. Our policy is to ship "Stock" product Zip Ship orders within the next working business day. Products that are listed "MTO" are made-to-order and will be ready to ship within four working business days. Zebra also has hundreds of other media solutions to meet your unique applications.

There is a minimum invoice amount of \$50 per shipment destination (waived for Sample Program orders). Products purchased in less than full inner carton quantities are subject to a \$75 broken carton charge, per destination. The chart below highlights materials that are available in Zebra's Zip Ship program. For price quotations on custom sizes, materials or preprinting, please contact your Zebra Supplies Specialist.

Product Descriptions

Z-Select 4000T

A thermal transfer, bright white, coated, ultra-smooth, paper label with a permanent acrylic adhesive. Offers excellent adhesion on corrugated packaging. Specially coated for use with compatible Zebra Ribbons for superior durability and image quality. Recommended for a wide variety of applications, such as shipping, receiving, and work-in-process labels.

Z-Select 4000T All-Temp

A thermal transfer, bright white, coated, ultra-smooth, paper label with an all-temp permanent acrylic adhesive that allows label to be applied to surfaces as cold as -20° F. Offers excellent adhesion on corrugated packaging. Specially coated for use with compatible Zebra Ribbons for superior durability and image quality. Recommended for a wide variety of applications, such as shipping, receiving, and work-in-process labels.

Z-Select 4000D

A direct thermal, bright white, coated paper label for printing high-contrast, black, visible light images in cold temperature applications. It has a special acrylic-based cold temperature adhesive that survives at temperatures as low as -65° F and applied at temperatures as low as -20° F. Ideal for use with freezer-grade materials. Not recommended for applications involving exposure to sunlight or extreme heat.

Z-Select 4000T Removable

A bright white, thermal transfer paper label with a removable acrylic adhesive. Suggested applications include; general purpose product, bin, shelving, and food labeling; applications requiring clean removability of label, and labeling of corrugate, metal and glass.

Z-Select 4000D Removable

A bright white, direct thermal paper label with a removable acrylic adhesive. Suggested applications include; general purpose product, bin, shelving, and food labeling; applications requiring clean removability of label, and labeling of corrugate, metal and glass.

Z-Select 4000T 5.0 mil Tag

A thermal transfer, white, coated, 5.0 mil, white thermal transfer paper tag stock. Specially designed for use with compatible Zebra Ribbons to produce outstanding print quality. Recommended for use in retail and industrial applications, including price tags, shop floor tracking tags, and inventory control

Z-Select 4000T 7.0 mil Tag

A thermal transfer, white, coated, 7.0 mil, white thermal transfer paper tag stock. Specially designed for use with compatible Zebra Ribbons to produce outstanding print quality. Recommended for use in retail and industrial applications, including price tags, shop floor tracking tags, and inventory control.

Z-Select 4000D 7.5 mil Tag

A direct thermal, white, coated, 7.5 mil, paper tag stock that produces high-quality black bar codes and human readable fonts. Suggested applications include: general purpose ticketing, shop floor tracking tickets, and retail hang tags.

Z-Select 4000D 3.2 mil Receipt

A direct thermal, white, coated, 3.2 mil receipt paper that provides an ideal solution for direct thermal paper applications requiring limited durability. Not recommended for applications involving exposure to sunlight or extreme heat.

Z-Select 3000D 2.3 mil Receipt

A direct thermal, white, uncoated 2.3 mil receipt paper with excellent resistance and archival properties. Ideal for direct thermal applications where image durability and maximum roll footage are important. Not recommended for extended exposure to sunlight or extreme heat.

Z-Perform 2000T

A white, coated paper label offering excellent print quality for thermal transfer printing up to 8 inches per second. Permanent acrylic adhesive offers high initial tack and adhesion to corrugated surfaces. Recommended for a wide variety of applications, such as box, compliance, work-in-process and indirect food labeling.

Z-Perform 2000D

A white, coated direct thermal paper label ideal for printing applications up to 8 inches per second. An all-temp permanent acrylic adhesive that offers adhesion in a wide temperature range. Ideal for use in a variety of industrial applications. Not recommended for applications involving exposure to sunlight or extreme heat.

For information on your printer media specifications, please refer to page 5.

Stock - ships within one business day, Made to order - ships within 6 business days.

Zebra Zip Ship Media

Z-Perform 1000D

An uncoated, direct thermal, paper facestock with a permanent acrylic adhesive. Ideal for direct thermal paper applications that require limited durability. Suitable for use in a wide variety of industrial applications, especially shipping/mailling labels.

Z-Perform 1000T 7.5 mil Tag

A thermal transfer, white, uncoated, 7.5 mil, white paper tag stock for printing on Zebra desktop printers. Provides excellent ink receptivity. Specially designed for use with compatible Zebra Ribbons to produce outstanding print quality. Ideal for general purpose ticketing, shop floor tracking tickets, retail hang tags, and inventory control tags.

Z-Perform 1000D 2.4 mil Receipt

A direct thermal, white, uncoated, 2.4 mil paper receipt that provides an ideal solution for direct thermal paper applications requiring limited durability. Not recommended for applications involving exposure to sunlight or extreme heat.

8000D Kiosk 3.4 mil Receipt

A direct thermal, white, uncoated, 3.4 mil paper receipt that provides excellent print quality for kiosk applications. Not recommended for applications involving exposure to sunlight or extreme heat.

8000D Linerless

A 3 mil white direct thermal linerless label stock that produces high-quality black bar codes and human readable fonts. Features a permanent acrylic adhesive. Designed for linerless printer applications (more labels per roll and lower shipping costs), with specially formulated silicone coating for easy release.

8000D Near IR

A coated, white, direct thermal, paper label stock that produces high-contrast black images with Zebra thermal printers. Images are scannable in both the visible and near-infrared ranges. Its permanent acrylic adhesive is excellent for adhering to a wide variety of surfaces. Not recommended for applications involving exposure to sunlight or extreme heat.

Z-Supreme 4000T

A white gloss, polyimide label with a high-temp permanent acrylic adhesive that provides resistance to harsh environments up to 500°F. Recommended for printed circuit board (PCB) labeling.

Z-Ultimate 4000T High-Tack

A pearl white, gloss polyester thermal transfer label with a high-tack permanent acrylic adhesive. Ideal for applications that require outstanding print quality and unparalleled smear and scratch resistance. Top coating is suitable for fanfolding applications. UL recognized for indoor and outdoor use when used with compatible Zebra Resin Ribbons. Recommended for use in a wide variety of applications, including shelf or scan-pallet labels, water-immersed labels, or labels in contact with moving parts. Offers high resistance to chemicals and UV exposure.

Z-Ultimate 4000T

A pearl white, gloss polyester thermal transfer label with a high performance permanent acrylic adhesive. Ideal for applications that require outstanding print quality and unparalleled smear and scratch resistance. Top coating is suitable for fanfolding applications. UL recognized for indoor and outdoor use when used with compatible Zebra Resin Ribbons. Recommended for use in a wide variety of applications, including shelf or scan-pallet labels, water-immersed labels, or labels in contact with moving parts. Offers high resistance to chemicals and UV exposure.

Z-Ultimate 3000T

A pearl white, gloss polyester thermal transfer label with permanent acrylic adhesive. Ideal for applications that require outstanding print quality and unparalleled smear and scratch resistance. UL recognized for indoor and outdoor use when used with compatible Zebra Resin Ribbons. Recommended for use in a wide variety of applications, including shelf or scan-pallet labels, water-immersed labels, or labels in contact with moving parts. Offers high resistance to chemicals and UV exposure.

Z-Ultimate 2000T

A pearl white, gloss polyester thermal transfer label with a permanent acrylic adhesive. Ideal for applications that require outstanding print quality and unparalleled smear and scratch resistance. UL recognized for indoor and outdoor use when used with compatible Zebra Resin Ribbons. Top coating is suitable for fanfolding. Recommended for use in a wide variety of applications. Offers some resistance to chemicals and UV exposure.

PolyPro 4000T

A white, matte polypropylene thermal transfer label that produces high-quality black bar codes and human readable fonts when used with compatible Zebra ribbons. Compatible with a wide range of surfaces and temperature ranges. Features a high-performance permanent acrylic adhesive. Offers superior performance and is compatible with a wide variety of surfaces and temperature ranges.

PolyPro 3000T

A white, matte polypropylene thermal transfer label that produces high-quality black bar codes and human readable fonts when used with compatible Zebra ribbons. Features a high-performance permanent acrylic adhesive. Suggested applications include: chemical drum labeling, product labeling and retail applications.

For information on your printer media specifications, please refer to page 5.

Stock - ships within one business day, Made to order - ships within 6 business days.

Need a custom solution? Call for a quote today: +1 866 230 9495

PolyPro 4000D

A white, matte direct thermal polypropylene label that produces high-quality black bar codes and human readable fonts with Zebra printers. Features a high-performance acrylic adhesive. Ideal for applications that require a durable moisture resistant label stock.

PolyPro 4000D 3.8 mil Receipt

A direct thermal, white, matte polypropylene 3.8 mil receipt. Provides excellent print quality and good scratch and smear resistance.

8000T Tuff Tag

A thermal transfer, white, V-Max polyolefin 7.5 mil tag that provides tear strength and outdoor use up to 1-2 years. Offers good durability and chemical resistance.

8000T Jewelry

A thermal transfer, white, polypropylene, label with a permanent acrylic adhesive. Offers excellent durability and chemical resistance. Suggested applications include; jewelry tags and ring labels.

8000T Cling

A thermal transfer, cling vinyl material. Offers excellent adhesion to glass and plastics. Specially coated for use with compatible Zebra Ribbons for excellent durability and image quality. Recommended for a wide variety of applications, such as oil change and preventative maintenance. Available in white and clear.

8000D Jewelry

A white, polypropylene, direct thermal label stock that produces high-contrast images with Zebra thermal printers. Provides excellent resistance to ultra violet light. Suggested applications include; jewelry tags and ring labels.

8000D High-Temp 3.2 mil Receipt

A direct thermal, white, coated, 3.2 mil receipt paper that provides temperature resistance up to 194° F; offers superior durability under fluorescent bulbs and partial UV exposure (through a window).

Next Generation Z-Band® Direct Wristbands

Direct thermal white polypropylene wristband with a permanent acrylic adhesive paper tab for securement. Features our patent-pending antimicrobial coating, which test results show effectively protects the wristband against *S. aureus*, *P. aeruginosa*, and *E. coli*. Also features tamper-evident slits. Available in several lengths and widths for adults, children and infants, as well as colors.

Z-Band QuickClip™ Wristbands

A 6.0 mil, white, coated, direct thermal, polypropylene tag stock. This material is converted into a direct thermal, bar code identification, clip wristband. Clips are available in multiple colors. The Z-Band QuickClip image is resistant to smear and abrasion as well as water, alcohol, mild cleaners, blood, etc.

Z-Band® 4000 Kit

A high-performance polyester, latex-free, thermal transfer wristband for printing quality text and bar codes. Prints images that resist smears and abrasion as well as water, alcohol, mild cleaners, and blood. A time-tested and proven performer for patient identification and patron management applications. A tamper-evident VOID version with adhesive closure available for applications in which security is a priority.

Infant Foam Wristband

A foam wristband that includes a "hook and loop" Velcro closure for comfort. These soft wristbands have a blank panel that allows you to attach our Infant Foam Wristband Label (Z-Select 4000D) for identification purposes.

Z-Slip

A direct thermal, coated, ultra-smooth paper and polypropylene combination label with a permanent acrylic adhesive. Offers excellent adhesion to corrugated packaging. Recommended for a wide variety of applications, for example, enclosing packing slips, invoices, material safety data sheets, and certificates of conformance.

8000T Heat Seal Kit

A glossy, white, thermoplastic label with excellent smear/scratch resistance that can withstand heat up to 290° F. This kit comes with a specially matched resin ribbon that will survive 50 industrial bleach wash cycles.

Z-Xtreme 5000T Kit

A thermal transfer, coated label that is combined with the high-durability Image Lock™ resin ribbon. Made with a high-tack acrylic adhesive that will stay put on difficult-to-label surfaces, making it the right choice for the toughest and harshest applications.

For information on your printer media specifications, please refer to page 5.

Zebra ZipShip Ribbons

2000 Standard

A standard thermal transfer wax ink formulation for printing high-quality, durable bar codes on Zebra's coated paper label stock. This wax ribbon can print at speeds up to 12 inches per second.

2100 Enhanced

A thermal transfer formulation that provides excellent print quality for normal and rotated bar codes on coated and uncoated labels and tags. Its low printhead energy requirements for image transfer make it the ideal choice for high-speed printing, up to 12 inches per second.

5319 Performance

A best-in-class, performance wax ribbon formulated for high-quality printing on both Zebra coated and uncoated paper facestocks. Offers unmatched printing for both visible light and infrared scannability. Recommended for use on tough-to-print uncoated and uneven tag stocks, including Tyvek. Prints at speeds up to 8 inches per second. UL recognized and CSA component acceptable when used with Zebra approved labels.

5049 High Speed Premium

A premium wax ribbon for high-quality printing. Designed for print speeds up to 12 inches per second. UL recognized and CSA component acceptable when used with Zebra approved labels.

5555 Enhanced

A thermal transfer wax/resin ink formulation for printing bar codes on Zebra coated paper. Provides a clear image under harsh conditions. Prints at speeds up to 6 inches per second.

3200 Performance

A special ink formulation for use with Zebra thermal transfer printers. Provides outstanding bar code print quality. Chemical resistant when printed on Zebra paper and synthetic label stocks. Smear- and scratch-resistant, this ribbon offers excellent staying power and durability in harsh environments. UL Recognized and CSA component acceptable when used with Zebra approved labels.

5586 Premium

A premium wax/resin ribbon that provides outstanding print quality in a variety of environmental conditions. Provides outstanding smear and scratch resistance on Zebra paper, many Zebra synthetic materials, a variety of coated paper, and matte synthetics.

4100 Enhanced

An enhanced resin ribbon for printing extremely dense bar codes and high-resolution graphics on a wide variety of materials. Provides excellent edge definition and offers exceptional abrasion and solvent resistance on gloss synthetic label stocks. UL recognized and CSA component acceptable when used with Zebra approved labels.

5095 Performance

A performance resin ribbon for printing high-density bar codes and high-resolution graphics on a wide range of materials from matte to gloss synthetics. Offers exceptional print quality, durability and chemical resistance. UL recognized and CSA component acceptable when used with Zebra approved labels.

5100 Premium

A premium resin ribbon for printing images in harsh environments. Provides unparalleled resistance and dense black images. Produces images resistant to the harshest environments. This ribbon is recommended for use with Z-Supreme products in printed circuit board applications. UL recognized and CSA component acceptable when used with Zebra approved labels.

3200 Clean Room

A special ink formulation for use with Zebra thermal transfer printers. Provides outstanding bar code print quality. Chemical resistant when printed on Zebra paper and synthetic label stocks. Smear- and scratch-resistant, this ribbon offers excellent staying power and durability in harsh environments. UL Recognized and CSA Component Acceptable when used with Zebra approved labels.

4000 Clean Room

This thermal transfer resin ribbon is ideal for printing on a wide variety of synthetic substrates. Features special ink formulation on a synthetic core. Provides excellent edge definition and offers exceptional abrasion and solvent resistance. Smear- and scratch-resistant, this ribbon offers excellent staying power and durability in harsh environments.

Image Lock

A premium resin ribbon that offers exceptional abrasion and solvent resistance on a wide variety of substrates while still providing excellent edge definition. This ribbon is an excellent choice for printing extremely dense barcodes and high-resolution graphics. Its unique resin base provides excellent resistance to outdoor elements and chemical solvents.

Tyvek is a registered trademark of E.I. du Pont de Nemours and Company

Zebra Technologies 333 Corporate Woods Parkway Vernon Hills, IL 60061 www.zebra.com

Zebra ZipShip Ribbons

Zebra has the right thermal transfer ribbon for your application. For standard printing on paper labels, Zebra's wax ribbons are unsurpassed for performance and value. When better image durability is required, Zebra's wax/resin ribbons will meet your requirements. For the ultimate in chemical and heat resistance, Zebra's resin ribbons can handle the harshest environments. You can be assured that when used together, our ribbons and labels will provide optimal performance with your Zebra printer and extend the life of your printhead.

Zebra's Zip Ship stocking program includes popular sizes of the most frequently ordered ribbons. Our policy is to ship orders within the next working business day. There is a minimum invoice amount of \$50 per shipment destination (waived for Sample Program orders). Products purchased in less than full inner carton quantities are subject to a \$75 broken carton charge, per destination. For custom sizes, please contact your Zebra Supplies Specialist.

JUST LIKE THE CD REPLACED THE RECORD, THIS WILL REPLACE LASER WRISTBANDING.

Zebra introduces the revolutionary HC100™ Patient I.D. Solution. It's designed to be the easiest, fastest, most efficient and economical wristbanding solution ever invented. Now your hospital staff can produce and attach a long-lasting, antimicrobial thermal wristband in just two steps. No wasted time with the cumbersome wristband assembly many laser solutions require. No jammed laser printers. No toner. No ribbon. It's that simple. For more information, visit us at www.zebra.com/hchi or call +1 800 423 0442.
